

# Outcome Based Education Software

**MAKE YOUR UNIVERSITY READY FOR  
BAC, BAETE, ACBSP, AACSB ACCREDITATION!**

## Outcome Based Education (OBE) Software

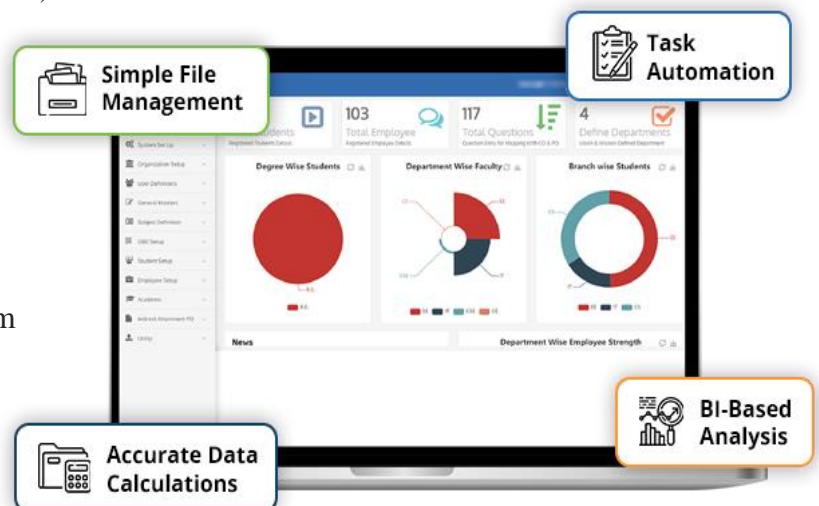

Outcome Based Education helps higher education institutions to analyze, assess, and map the lesson learnt by students based on the questions attempted to attain Program Outcomes (PLOs), Course Outcomes (CLOs) & Program Education Objectives (PEOs). Simplify CLOs, PLOs, and PEOs Attainment with Detailed Outcome Mapping.

### Simplify CLOs, PLOs, and PEOs Attainment with Detailed Outcome Mapping

Track, monitor, and accurately map student's academic performance with CLO-PLO mapping & assessments for continuous outcome improvement. Understand exact challenges faced by students through feedback & by assessing their learning progress. Secure Your Student's Future with BAC, BAETE Accreditation: Detailed MIS Reports, Institute's Overall Performance Report, etc.
